FOR IMMEDIATE RELEASE

VISTEON APPOINTS KATHLEEN HEMPEL TO BOARD OF DIRECTORS

DEARBORN, Mich., July 11, 2001 - Visteon Corporation (NYSE: VC) today announced
that its Board of Directors has elected Kathleen J. Hempel as a member of the
Board, effective immediately. She joins Peter J. Pestillo, Visteon's Chairman
and Chief Executive Officer, and William Gray, Robert Teeter, Robert Jenkins,
Charles Schaffer and Steven Hamp on the Board.

Prior to her appointment to Visteon's Board of Directors, Hempel served as Chief
Financial Officer of Fort Howard Corporation for 10 years. In addition to her
worldwide responsibilities for finance, planning, tax, and accounting
operations, she also served as Vice Chairman from 1992 to 1997, and oversaw
other functional areas such as information technology, investor relations,
legal, human resources and public affairs.

Hempel was a member of Fort Howard's Board of Directors for 18 years until the
company merged with James River Corporation in 1997. She is a past Board member
of the National Association of Manufacturers, and also served on the Board of
the Wisconsin Manufacturers and Commerce and its Executive Committee.

Hempel joined Fort Howard in 1973, and earlier in her career with the company,
served as Vice President of Human Resources.

From 1992 to 1998, Hempel served a gubernatorial appointment to the University
of Wisconsin System Board of Regents, where she participated on the Executive
Committee and chaired the Business and Finance Committee.

"Kathleen brings a wide breadth of corporate and operational management experience to Visteon's Board of Directors, which will serve us well as we continue to focus on becoming the world's leading supplier of integrated automotive systems," Peter J. Pestillo, Visteon's Chairman and Chief Executive Officer said.

Visteon Corporation is a leading full-service supplier that delivers consumer-driven technology solutions to automotive manufacturers worldwide and through multiple channels within the global automotive aftermarket. Visteon has 82,000 employees and a global delivery system of more than 130 technical, manufacturing, sales, and service facilities located in 25 countries.

FOR IMMEDIATE RELEASE

VISTEON CONTINUES TO BUILD LEADERSHIP STRENGTH WITH APPOINTMENT OF NEW PRESIDENT
OF NORTH AMERICA & ASIA

DEARBORN, Mich., July 11, 2001 - Visteon Corporation (NYSE: VC) continues to
build a talented global leadership team with the appointment of James C. Orchard
as President of North America & Asia. With more than 25 years experience in the
automotive supplier industry, he brings exceptional talent and knowledge to
Visteon.

"We are extremely pleased to have Jim join our management team," said Michael
Johnston, President and Chief Operating Officer, Visteon Corporation. "He brings
valuable perspective from the global automotive market and well-documented
people development skills - both of which are key to Visteon's success. We look
to him to carry forward our new customer-facing structure and to help Visteon's
strategic direction."

Orchard will have responsibility for the Visteon Customer Business Groups that
interface with the automakers headquartered in North America and Asia, and
regional responsibility for the manufacturing operations in those areas.
Additionally, he has been elected an Officer of the Company by Visteon's Board
of Directors.

"I am very excited about the opportunity to join the Visteon team," said Jim
Orchard. "As one of the world's leading suppliers, Visteon has the global reach
and engineering expertise that will help it continue to grow as an independent
company. I look forward to working with the entire Visteon team to deliver
outstanding products to customers and to increase shareholder value."

Orchard's most recent position was Chief Executive Officer, ZF Group North American & South American Operations where he was charged with full P&L responsibility for the company's regional operations. In January 2000, he became a member of the ZF Board of Management and, that same year, led the turnaround of the company's South American Operations.

During his career at ZF Group, Orchard was responsible for operations for a multi-billion dollar global business. He successfully led the charge to leverage the company's strong commitment to innovation, engineering and technology and fully utilize those assets into a profitable, customer-oriented global franchise.

Orchard joined ZF in 1990 as President of Lemforder Corporation, the chassis division of ZF Group, where he turned the business around and brought it to fast growth and profitability, primarily through organic growth. In 1997, Orchard was named President and CEO of ZF North America where he played a critical role in integrating the global business with North and South America and played an increasingly shared role in global product development, R&D and technology innovation.

In addition to his experience at ZF Group, Orchard brings extensive manufacturing experience from his tenure at Dana Corp., where he held a variety of progressive roles from International Materials Manager to Plant Manager to Director of Assembly Operations for the company's axle division.

Orchard holds degrees in business administration and marketing from Indiana University. He and his wife, Sue, have two sons and three grandchildren.

Visteon Corporation is a leading full-service supplier that delivers consumer-driven technology solutions to automotive manufacturers worldwide and through multiple channels within the global automotive aftermarket. Visteon has 82,000 employees and a global delivery system of more than 130 technical, manufacturing, sales, and service facilities located in 25 countries.
