## PROSPECTUS SUMMARY

*The following summary highlights information contained elsewhere in this prospectus. It does not contain all the information that may be important to you in making an investment decision. You should read this entire prospectus carefully, including the documents incorporated by reference, which are described under “Incorporation by Reference of Certain Documents” and “Where You Can Find Additional Information.” You should also carefully consider, among other things, the matters discussed in the section titled “Risk Factors.” In this prospectus, unless the context requires otherwise, references to “Visteon,” “the Company,” “the Issuer,” “we,” “our,” or “us” refer to Visteon Corporation and its consolidated subsidiaries, and references to our “common stock” refer to the common stock of Visteon Corporation.*

### Our Business

We are a leading global supplier of climate, interiors and electronics systems, modules and components to global automotive original equipment manufacturers (“OEMs”). We are headquartered in Van Buren Township, Michigan. We have a workforce of approximately 26,500 employees and a network of manufacturing operations, technical centers, customer service centers and joint ventures in every major geographic region of the world. We were incorporated in Delaware on January 5, 2000 as a wholly-owned subsidiary of Ford Motor Company (“Ford”). Subsequently, Ford transferred the assets and liabilities comprising its automotive components and systems business to us. We separated from Ford on June 28, 2000 when all of our common stock was distributed by Ford to its stockholders.

Effective October 1, 2005, the Company transferred 23 of its North American facilities and certain other related assets and liabilities to Automotive Components Holdings, LLC (“ACH”), an indirect, wholly-owned subsidiary of Ford (the “ACH Transactions”). The transferred facilities included all of the Company’s plants that leased hourly workers covered by Ford’s Master Agreement with the United Auto Workers Union (“UAW”), and accounted for approximately \$6.1 billion of the Company’s total product sales for 2005, the majority being products sold to Ford.

In January 2006, the Company announced a multi-year improvement plan that involved the restructuring of certain underperforming and non-strategic plants and businesses to improve operating and financial performance and to reduce costs. The multi-year improvement plan, which was initially expected to affect up to 23 facilities, was completed during 2008 and addressed a total of 30 facilities and businesses, including 7 divestitures and 14 closures. These activities resulted in sales declines of \$1 billion and \$675 million during the years ended December 31, 2008, and 2007, respectively.

During the latter part of 2008 and through 2009, weakened economic conditions, largely attributable to the global credit crisis, and erosion of consumer confidence, negatively impacted the automotive sector.

On May 28, 2009, we filed voluntary petitions in the United States Bankruptcy Court for the District of Delaware (the “Bankruptcy Court”), to reorganize under Chapter 11 of the United States Bankruptcy Code (the “Bankruptcy Code”). The Chapter 11 cases were jointly administered under the caption Visteon Corporation, et al., Case No. 09-11786. We continued to operate our businesses as a debtor-in-possession under the jurisdiction of the Bankruptcy Court in accordance with the applicable provisions of the Bankruptcy Code.

On August 31, 2010, we filed a Fifth Amended Joint Plan of Reorganization (the “Plan of Reorganization”) with the Bankruptcy Court. The Plan of Reorganization was confirmed by the Bankruptcy Court on August 31, 2010 (the “Confirmation Order”), and became effective on October 1, 2010 (the “Effective Date”), the date on which we emerged from protection under Chapter 11 of the Bankruptcy Code.

## RISK FACTORS

*Investing in our common stock involves risk. If any of the risks described below or in any document incorporated by reference herein actually occurs, our business, financial condition and results of operations would likely suffer. In that event, the market price of our common stock could decline and an investor in our common stock could lose all or part of their investment. You should consider carefully all of the information set forth in this prospectus and the documents incorporated by reference herein, and, in particular, the risk factors described in our Annual Report on Form 10-K for the year ended December 31, 2010 filed with the SEC, which is incorporated by reference in this prospectus. The risks described in any document incorporated by reference herein are not the only ones we face, but are considered to be the most material. There may be other unknown or unpredictable economic, business, competitive, regulatory or other factors that could have material adverse effects on our future results. Past financial performance may not be a reliable indicator of future performance and historical trends should not be used to anticipate results or trends in future periods.*

### Risks Related to Fresh Start Accounting

***Information contained in our historical financial statements will not be comparable to the information contained in our financial statements after the application of fresh start accounting.***

Our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 reflects the consummation of the Plan of Reorganization and the adoption of fresh start accounting. As a result, our financial statements from and after the Effective Date will not be comparable to our financial statements for prior periods. This will make it difficult for stockholders to assess our performance in relation to prior periods.

### Risks Related to Ownership of Our Common Stock

***The resale of shares of our common stock offered may adversely affect the market price of our common stock and substantial sales of or trading in our new common stock could occur in connection with our emergence from bankruptcy, which could cause our stock price to be adversely affected.***

At the time of our emergence from bankruptcy, we granted registration rights to the selling stockholders. The shares of our outstanding common stock held by the selling stockholders and offered are registered for resale under the registration statement of which this prospectus forms a part. The shares offered hereby constitutes approximately 51.2% of our outstanding common stock as of March 4, 2011, all of which may be sold in the public markets from time to time pursuant to the registration statement of which this prospectus forms a part.

Commencing on April 1, 2011, assuming we remain current in our reporting obligations under the Exchange Act, and commencing on October 1, 2011, if we do not, these shares of common stock may also be sold under Rule 144 of the Securities Act, subject in the case of holders that are affiliates to restrictions on volume and manner of sale.

The sale of significant amounts of our new common stock or substantial trading in our new common stock or the perception in the market that substantial trading in our new common stock will occur may adversely affect the market price of our new common stock.

***Future sales of our common stock, or the perception in the public markets that these sales may occur, could depress our stock price.***

Sales of substantial amounts of our common stock in the public market, or the perception that these sales could occur, could adversely affect the price of our common stock and could impair our ability to raise capital through the sale of additional shares. As of March 4, 2011, we had 50,759,380 shares of common stock outstanding, of which 31,134,249 shares constitute “restricted securities” as defined by Rule 144 promulgated under the Securities Act of 1933. To the extent sold in this offering, the shares of common stock offered hereby will be freely tradable, without restriction in the public market. Commencing on April 1, 2011, assuming we remain current in our reporting obligations under the Exchange Act, and commencing on October 1, 2011, if we do not, shares constituting “restricted securities” may also be sold under Rule 144 subject in the case of holders that are affiliates to restrictions on volume and manner of sale.

***The market price of our common stock may be volatile, which could cause the value of your investment to decline.***

Numerous factors, including many over which we have no control, may have a significant impact on the market price of our common stock. These risks include those described or referred to in this “Risk Factors” section and in the other documents incorporated herein by reference as well as, among other things:

- our operating and financial performance and prospects;
- our ability to repay our debt;
- our access to financial and capital markets to refinance our debt or replace the existing credit facilities;
- investor perceptions of us and the industry and markets in which we operate;
- our dividend policy;
- future sales of equity or equity-related securities;
- changes in earnings estimates or buy/sell recommendations by analysts; and
- general financial, domestic, economic and other market conditions.

***Certain provisions of our corporate documents and the laws of the State of Delaware as well as change of control provisions in our debt and other agreements could delay or prevent a change of control, even if that change would be beneficial to stockholders, or could have a material negative impact on our business.***

Certain provisions in our second amended and restated certificate of incorporation and credit facility agreements may have the effect of deterring transactions involving a change in control of us, including transactions in which stockholders might receive a premium for their shares.

Our second amended and restated certificate of incorporation provides for the issuance of up to 50,000,000 shares of preferred stock with such designations, rights and preferences as may be determined from time to time by our board of directors. The authorization of preferred shares empowers our board of directors, without further stockholder approval, to issue preferred shares with dividend, liquidation, conversion, voting or other rights which could adversely affect the voting power or other rights of the holders of the common stock. If issued, the preferred stock could also dilute the holders of our common stock and could be used to discourage, delay or prevent a change of control.

If the common stock is listed on a national securities exchange or held of record by more than 2,000 holders, we will be subject to the anti-takeover provisions of the Delaware General Corporation Law, which could have the effect of delaying or preventing a change of control in some circumstances.

Our credit facility agreements contain provisions pursuant to which it is an event of default if any “person” or “group of persons” becomes the beneficial owner of more than 51% of our common stock. This could deter certain parties from seeking to acquire us and if any “person” or “group of persons” were to become the beneficial owner of more than 51% of our common stock, we would not be able to repay such indebtedness.

All of these factors could materially adversely affect the price of our common stock.

***Our operations may be restricted by the terms of our credit facility agreements.***

Our credit facility agreements include a number of significant restrictive covenants. These covenants could impair our financing and operational flexibility and make it difficult for us to react to market conditions and satisfy our ongoing capital needs and unanticipated cash requirements. Specifically, such covenants may restrict our ability and, if applicable, the ability of our subsidiaries to, among other things:

- incur additional debt;
- make certain investments;

- enter into certain types of transactions with affiliates;
- limit dividends or other payments by our restricted subsidiaries to us;
- use assets as security in other transactions;
- pay dividends on our common stock or repurchase our equity interests;
- sell certain assets or merge with or into other companies;
- guarantee the debts of others;
- enter into new lines of business;
- make capital expenditures;
- prepay, redeem or exchange our debt; and
- form any joint ventures or subsidiary investments.

In addition, our credit facility agreements require us to periodically meet various financial ratios and tests, including maximum capital expenditure, maximum leverage, minimum excess availability and minimum interest coverage levels. These financial covenants and tests could limit our ability to react to market conditions or satisfy extraordinary capital needs and could otherwise restrict our financing and operations.

Our ability to comply with the covenants and other terms of our credit facility agreements will depend on our future operating performance. If we fail to comply with such covenants and terms, we would be required to obtain waivers from our lenders to maintain compliance under such agreements. If we are unable to obtain any necessary waivers and the debt under our credit facility agreements is accelerated, it would have a material adverse effect on our financial condition and future operating performance.

#### **Risks Related to Our Business and Industry**

Please see “Item 1A — “Risk Factors” contained in our Annual Report on Form 10-K for the year ended December 31, 2010, which is incorporated by reference herein, for risk factors related to our business and industry.

#### **CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS**

Certain statements contained or incorporated by reference in this prospectus which are not statements of historical fact constitute “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements give current expectations or forecasts of future events. Words such as “anticipate,” “expect,” “intend,” “plan,” “believe,” “seek,” “estimate” and other words and terms of similar meaning in connection with discussions of future operating or financial performance signify forward-looking statements. These statements reflect our current views with respect to future events and are based on assumptions and estimates, which are subject to risks and uncertainties including those discussed under the heading “Risk Factors” and elsewhere in this prospectus. Accordingly, undue reliance should not be placed on these forward-looking statements. Also, these forward-looking statements represent our estimates and assumptions only as of the date of this prospectus. We do not intend to update any of these forward-looking statements to reflect circumstances or events that occur after the date the statement is made and qualify all of our forward-looking statements by these cautionary statements.

You should understand that various factors, in addition to those discussed elsewhere in this document, could affect our future results and could cause results to differ materially from those expressed in such forward-looking statements, including:

- our ability to satisfy future capital and liquidity requirements; including our ability to access the credit and capital markets at the times and in the amounts needed and on terms acceptable to us; our ability to comply with applicable covenants and the continuation of acceptable supplier payment terms;

- our ability to satisfy pension and other postretirement employee benefit obligations, and to retire outstanding debt and satisfy other contractual commitments, all at the levels and times planned by management;
- our ability to access funds generated by foreign subsidiaries and joint ventures on a timely and cost effective basis;
- changes in the operations (including products, product planning and part sourcing), financial condition, results of operations or market share of our customers.
- changes in vehicle production volume of our customers in the markets where we operate, and in particular changes in Ford's and Hyundai Kia's vehicle production volumes and platform mix;
- our ability to profitably win new business and to maintain current business with, and win future business from, existing customers, and, our ability to realize expected sales and profits from new business;
- increases in commodity costs or disruptions in the supply of commodities, including steel, resins, aluminum, copper, fuel and natural gas;
- our ability to generate cost savings to offset or exceed agreed upon price reductions or price reductions to win additional business and, in general, improve operating performance; to achieve the benefits of restructuring actions; and to recover engineering and tooling costs and capital investments;
- our ability to compete favorably with automotive parts suppliers with lower cost structures and greater ability to rationalize operations; and to exit non-performing businesses on satisfactory terms, particularly due to limited flexibility under existing labor agreements;
- restrictions in labor contracts with unions that restrict our ability to close plants, divest unprofitable, noncompetitive businesses, change local work rules and practices at a number of facilities and implement cost-saving measures;
- the costs and timing of facility closures or dispositions, business or product realignments, or similar restructuring actions, including potential asset impairment or other charges related to the implementation of these actions or other adverse industry conditions and contingent liabilities;
- significant changes in the competitive environment in the major markets where we procure materials, components or supplies or where our products are manufactured, distributed or sold;
- legal and administrative proceedings, investigations and claims, including stockholder class actions, inquiries by regulatory agencies, product liability, warranty, employee-related, environmental and safety claims and any recalls of products manufactured or sold by us;
- changes in economic conditions, currency exchange rates, changes in foreign laws, regulations or trade policies or political stability in foreign countries where we procure materials, components or supplies or where products are manufactured, distributed or sold;
- shortages of materials or interruptions in transportation systems, labor strikes, work stoppages or other interruptions to or difficulties in the employment of labor in the major markets where we purchase materials, components or supplies to manufacture our products or where our products are manufactured, distributed or sold;
- changes in laws, regulations, policies or other activities of governments, agencies and similar organizations, domestic and foreign, that may tax or otherwise increase the cost of, or otherwise affect, the manufacture, licensing, distribution, sale, ownership or use of our products or assets.
- possible terrorist attacks or acts of war, which could exacerbate other risks such as slowed vehicle production, interruptions in the transportation system or fuel prices and supply;
- the cyclical and seasonal nature of the automotive industry;
- our ability to comply with environmental, safety and other applicable regulations and any increase in the requirements, responsibilities and associated expenses and expenditures of these regulations;

- our ability to protect our intellectual property rights, and to respond to changes in technology and technological risks and to claims by others that we have infringed their intellectual property rights;
- our ability to quickly and adequately remediate control deficiencies in internal control over financial reporting; and
- other factors, risks and uncertainties detailed from time to time in our Securities and Exchange Commission (“SEC”) filings.

#### USE OF PROCEEDS

We will not receive any proceeds from the sale of our common stock by the selling stockholders. We will pay estimated transaction expenses of approximately \$355,552 in connection with this offering.

#### SELLING STOCKHOLDERS

The following table sets forth the names of the selling stockholders, the number of shares of common stock beneficially owned by them, as of March 4, 2011, the number of shares of common stock being offered by them, the number of shares of common stock each selling stockholder will beneficially own if the stockholder sells all of the common stock being registered and each selling stockholder’s percentage beneficial ownership of our total outstanding common stock if all of the common stock in the offering is sold. As used in this prospectus, “selling stockholders” includes the successors-in-interest, donees, transferees or others who may later hold the selling stockholders’ interests. The selling stockholders may offer the common stock for resale from time to time pursuant to this prospectus. However, the selling stockholders are under no obligation to sell any of the common stock offered pursuant to this prospectus.

The common stock is being registered to permit public sales of the common stock by the selling stockholders. The shares of common stock being registered hereby were originally issued on October 1, 2010 pursuant to our Plan of Reorganization in connection with our emergence from bankruptcy.

All information with respect to common stock ownership has been furnished by or on behalf of the selling stockholders. We believe, based on information supplied by the selling stockholders and subject to community property laws where applicable, that, except as may otherwise be indicated in the footnotes to the table below, each selling stockholder has sole voting and dispositive power with respect to the common stock reported as beneficially owned by it. Because the selling stockholders may sell all, part or none of the common stock held by them, no assurance can be given as to the number of shares of common stock that a selling stockholder will hold upon termination of any offering made hereby. In addition, the selling stockholders may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time and from time to time, the common stock held by them in transactions exempt from the registration requirements of the Securities Act after the date on which it provided the information set forth on the table below. For purposes of the table below, however, we have assumed that after termination of this offering, none of the shares of common stock offered by this prospectus will be held by the selling stockholders.

Except as provided in the footnotes to the following table and the section titled “Related Party Transactions and Material Relationships with Selling Stockholders”, none of the selling stockholders has had any position with, held any office of or had any other material relationship with us or our affiliates during the past three years.

Beneficial ownership for the purposes of this table is determined in accordance with the rules and regulations of the SEC. These rules generally provide that a person is the beneficial owner of securities if such person has or shares the power to vote or direct the voting thereof, or to dispose or direct the disposition thereof or has the right to acquire such powers within 60 days. Common stock subject to options that are currently exercisable or exercisable within 60 days is deemed to be outstanding and beneficially owned by the person holding the options. These shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person.

All percentages and share amounts are approximate based on current information available to us. The information available to us may be incomplete.

#### **MATERIAL RELATIONSHIPS WITH SELLING STOCKHOLDERS**

*Registration Rights Agreement.* We entered into a Registration Rights Agreement (the "Registration Rights Agreement") with the selling stockholders party thereto. Pursuant to the Registration Rights Agreement, among other things, we were required to use our reasonable best efforts to file within fourteen business days after the effective date of the Plan of Reorganization a registration statement on any permitted form that qualifies, and is available for, the resale of "registrable securities", as defined in the Registration Rights Agreement, with the SEC in accordance with and pursuant to Rule 415 promulgated under the Securities Act. Registrable securities are shares of our common stock, par value \$0.01, issued or issuable on or after the Effective Date to any of the original parties to the Registration Rights Agreement, including, without limitation, upon the conversion of our outstanding warrants,

and any securities paid, issued or distributed in respect of any such common stock, but excluding shares of common stock acquired in the open market after such date. In addition, upon our becoming a well-known seasoned issuer, we are required to promptly register the sale of all of the registrable securities under an automatic shelf registration statement, and to cause such registration statement to remain effective thereafter until there are no longer registrable securities.

At any time and from time to time after such a registration statement has been declared effective by the SEC, any one or more holders of registrable securities may request to sell all or any portion of their registrable securities in an underwritten offering, provided that such holder or holders will be entitled to make such demand only if the total offering price of the registrable securities to be sold in such offering is reasonably expected to exceed, in the aggregate, \$75 million. We are not obligated to effect more than three such underwritten offerings during any period of twelve consecutive months during the first two-year period after the effective date of the Plan of Reorganization, and two such underwritten offerings during any period of twelve consecutive months following the first two-year period after such effective date. In either case, we are not obligated to effect such an underwritten offering within 120 days after the pricing of a previous underwritten offering.

If we propose to offer shares in an underwritten offering whether for our own account or the account of others, holders of registrable securities will be entitled to request that their registrable securities be included in such offering, subject to specific exceptions.

The registration rights granted in the Registration Rights Agreement are subject to customary indemnification and contribution provisions, as well as customary restrictions such as minimums, blackout periods and, if a registration is for an underwritten offering, limitations on the number of shares to be included in the underwritten offering may be imposed by the managing underwriter.

The foregoing description of the Registration Rights Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Registration Rights Agreement.

In addition, in accordance with the ECA, we paid: (i) a \$43,750,000 fee to the Investors as compensation for their agreement to purchase the Direct Subscription Shares and any shares of our new common stock included, but not subscribed for, in the Rights Offering, 25% of which was paid upon entry of the order approving the ECA and the remaining portion of which was paid on the Effective Date; (ii) a \$16,625,000 fee on the Effective Date to certain of the Investors as compensation for arranging the transactions contemplated by the ECA; and (iii) certain out of pocket costs and expenses reasonably incurred by the Investors and the Additional Purchasers in connection with the ECA. The following summary of the terms of our capital stock is not meant to be complete and is qualified in its entirety by reference to our second amended and restated certificate of incorporation, our second amended and restated bylaws and the provisions of applicable law. Copies of our second amended and restated certificate of incorporation and our second amended and restated bylaws are filed as exhibits to the Registration Statement on Form 8-A filed with the SEC on September 30, 2010 and are incorporated herein by reference.

### Authorized Capital Stock upon Emergence

Visteon has the authority to issue a total of 300,000,000 shares of capital stock, consisting of:

- 250,000,000 shares of common stock, par value \$0.01 per share; and
- 50,000,000 shares of preferred stock, par value \$0.01 per share.

### Common Stock

The rights, preferences and privileges of holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of our preferred stock which we may designate and issue in the future.

*Dividend Rights.* Subject to limitations under Delaware law, preferences that may apply to any outstanding shares of preferred stock, and contractual restrictions, holders of our common stock are entitled to receive ratably dividends or other distributions when and if declared by the board of directors. In addition to such restrictions, whether any future dividends are paid will depend on decisions that will be made by the board of directors and will depend on then existing conditions, including our financial condition, contractual restrictions, corporate law restrictions, capital requirements and business prospects. The ability of the board of directors to declare dividends also will be subject to the rights of any holders of outstanding shares of our preferred stock and the availability of sufficient funds under the Delaware General Corporation Law (“DGCL”) to pay dividends.

*Liquidation Rights.* In the event of any liquidation, dissolution or winding up of Visteon, the holders of our common stock will be entitled to share in the net assets of Visteon available after the payment of all debts and other liabilities and subject to the prior rights of any outstanding class of our preferred stock.

*Preemptive Rights.* Pursuant to our second amended and restated certificate of incorporation, the holders of our common stock have no preemptive rights.

*Conversion Rights.* Shares of our common stock are not convertible.

*Voting Rights.* Subject to the rights of the holders of any series of our preferred stock, each outstanding share of our common stock is entitled to one vote on all matters submitted to a vote of stockholders. The holders of our common stock will not have cumulative voting rights.

### Warrants to Purchase Common Stock

Pursuant to the Plan of Reorganization, we issued warrants to purchase 2,355,000 shares of our common stock to holders of our 12.25% senior notes issued (the “Ten Year Warrants”). The Ten Year Warrants have an exercise price of \$9.66 per share of common stock. Each of the Ten Year Warrants expires ten years after the date of issuance. The warrants provide for a cashless exercise by the warrant holder. The warrant exercise price and the number of shares issuable upon exercise of the warrants are subject to adjustment upon certain events including: stock subdivisions, combinations, splits, stock dividends, capital reorganizations, or capital reclassifications of common

stock and in connection with certain distributions of cash, assets or securities. The Ten Year Warrants are not redeemable.

Pursuant to the Plan of Reorganization, we issued 1,552,774 warrants to purchase shares of our common stock to holders of shares of our previously outstanding common stock, which were cancelled pursuant to the Plan of Reorganization (the “Five Year Warrants”). The Five Year Warrants have an exercise price of \$58.80 per share. Each of the Five Year Warrants expires five years after the date of issuance. The Five Year Warrants provide for a cashless exercise by the warrant holder. The warrant exercise price and the number of shares issuable upon exercise of the warrants are subject to adjustment upon certain events including: stock subdivisions, combinations, splits, stock dividends, capital reorganizations, or capital reclassifications of common stock and in connection with certain distributions of cash, assets or securities. The Five Year Warrants are not redeemable.

#### **Preferred Stock**

Under the terms of our second amended and restated certificate of incorporation, the board of directors is authorized to issue from time to time up to an aggregate of 50,000,000 shares of preferred stock and to fix or alter the designations, preferences, rights and any qualifications, limitations or restrictions of the shares of each series, including the dividend rights, dividend rates, conversion rights, voting rights, rights and terms of redemption (including sinking fund provisions), redemption price or prices, liquidation preferences and the number of shares constituting any series. These additional shares may be used for a variety of corporate purposes, including future public offerings, to raise additional capital or to facilitate acquisitions. If the board of directors decides to issue shares of preferred stock to persons supportive of current management, this could render it more difficult or discourage an attempt to obtain control of Visteon by means of a merger, tender offer, proxy contest or otherwise. Authorized but unissued shares of preferred stock also could be used to dilute the stock ownership of persons seeking to obtain control of Visteon. To the extent required by 11 U.S.C. § 1123(a)(6), Visteon is prohibited from issuing shares of nonvoting equity securities (within the meaning of such statute).

#### **Certain Anti-Takeover Effects of our Certificate of Incorporation, our Bylaws and Delaware Law**

*Provisions of Delaware Law.* Visteon is a Delaware corporation subject to Section 203 of the DGCL. Section 203 provides that, subject to certain exceptions specified in the law, a Delaware corporation shall not engage in certain “business combinations” with any “interested stockholder” for a three-year period after the date of the transaction in which the person became an interested stockholder unless:

- prior to such time, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding certain shares; or
- at or subsequent to that time, the business combination is approved by the board of directors of the corporation and authorized by the affirmative vote of holders of at least 66<sup>2</sup>/<sub>3</sub>% of the outstanding voting stock that is not owned by the interested stockholder.

Generally, a “business combination” includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an “interested stockholder” is a person who, together with that person’s affiliates and associates, owns, or within the previous three years did own, 15% or more of the voting stock of the corporation.

Under certain circumstances, Section 203 makes it more difficult for a person who would be an “interested stockholder” to effect various business combinations with a corporation for a three-year period. The provisions of Section 203 may encourage companies interested in acquiring Visteon to negotiate in advance with our board of directors because the stockholder approval requirement would be avoided if our board of directors approves either the business combination or the transaction that results in the stockholder becoming an interested stockholder. These provisions also may make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interests.

*Board of Directors.* Our second amended and restated certificate of incorporation and our second amended and restated bylaws provide that the number of directors shall be fixed by the board of directors from time to time. The board of directors shall initially consist of the nine members identified in the Plan of Reorganization and shall always consist of not less than 3 nor more than 15 members. Under our second amended and restated bylaws, at all meetings of stockholders for the election of directors at which a quorum is present, a plurality of the votes cast shall be sufficient to elect a director. Under our second amended and restated certificate of incorporation and our second amended and restated bylaws, a vote of a majority of all then outstanding capital stock entitled to vote at an election of directors is required to remove a director with or without cause and fill the resulting vacancy, except that any director elected separately by the holders of any class or series of stock shall be subject to removal with or without cause at any time by such stockholders, who will fill the resulting vacancy. Vacancies resulting from newly created directorships by reason of an increase in the size of the board of directors shall be filled by a majority vote of the board of directors, provided a quorum is present. Further, vacancies resulting from reasons other than removal or an increase in the size of the board of directors shall be filled by a majority vote of the board of directors, even if less than a quorum. These provisions may deter a stockholder from removing incumbent directors and simultaneously gaining control of the board of directors by filling the vacancies created by this removal with its own nominees.

*Advance Notice Procedures.* Our second amended and restated bylaws establish an advance notice procedure for stockholder proposals to be brought before a meeting of stockholders, including proposed nominations of persons for election to the board of directors. Stockholders at a meeting will only be able to consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of the board of directors or by a stockholder who was a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has given our corporate secretary timely written notice, in proper form, of the stockholder's intention to bring that business before the meeting. Although our second amended and restated bylaws will not give the board of directors the power to approve or disapprove stockholder nominations of candidates or proposals regarding other business to be conducted at a special or annual meeting, our second amended and restated bylaws may have the effect of precluding the conduct of certain business at a meeting if the proper procedures are not followed or may discourage or deter a potential acquirer from conducting a solicitation of proxies to elect its own slate of directors or otherwise attempting to obtain control of the company.

*Action by Written Consent; Special Meetings of Stockholders.* Our second amended and restated certificate of incorporation provides that stockholder action can be taken only at an annual or special meeting of stockholders and cannot be taken by written consent in lieu of a meeting. Our second amended and restated certificate of incorporation and our second amended and restated bylaws provide that, except as otherwise required by law, special meetings of the stockholders can only be called by our chairman of the board, our chief executive officer, pursuant to a resolution adopted by a majority of our board of directors or by our secretary following receipt of one or more demands to call a special meeting of the stockholders, in accordance with the provisions of our second amended and restated bylaws, from stockholders who hold, in the aggregate, at least twenty percent of the voting power of all shares entitled generally to on the election of directors (without reference to any terms of any preferred stock).

*Authorized but Unissued Shares.* Our authorized but unissued shares of common stock and preferred stock will be available for future issuance without stockholder approval, subject to the rules and regulations of any applicable stock exchange or similar rules. These additional shares may be utilized for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of a majority of our common stock by means of a proxy contest, tender offer, merger or otherwise.

*Limitations on Directors' and Officers' Liability.* Our second amended and restated certificate of incorporation contains a provision eliminating the personal liability of our directors to Visteon or any of its stockholders for monetary damages for breach of fiduciary duty to the fullest extent permitted by applicable law. Our second amended and restated certificate of incorporation and our second amended and restated bylaws also contain provisions generally providing for indemnification and prepayment of expenses to our directors and officers to the fullest extent permitted by applicable law.

*Amendment of Certificate of Incorporation and Bylaws.* Our second amended and restated certificate of incorporation expressly authorizes the board of directors to adopt, amend, alter or repeal most provisions of our second amended and restated bylaws by a majority vote. The stockholders may also adopt, amend, alter or repeal our second amended and restated bylaws. Stockholder approval is also required to amend, alter, change or repeal any provision of our second amended and restated certificate of incorporation or our second amended and restated bylaws inconsistent with any provision in our second amended and restated certificate of incorporation or our second amended and restated bylaws that requires a particular vote of stockholders in order to take the action specified in such provision.

*Tax Benefit Preservation.* Our second amended and restated certificate of incorporation provides, subject to certain exceptions therein, that any attempted transfer of Visteon's securities prior to the earliest of:

- December 31, 2019,
- the repeal, amendment or modification of Section 382 of the Internal Revenue Code of 1986, as amended ("Section 382") in such a way as to render the restrictions imposed by Section 382 no longer applicable to Visteon,
- the beginning of a taxable year of Visteon in which no net operating loss carryovers, capital loss carryovers, alternative minimum tax credit carryovers and foreign tax credit carryovers or any loss or deduction attributable to a net realized "built-in loss" within the meaning of Section 382 of Visteon or any of its direct or indirect subsidiaries ("Tax Benefits") are available, and
- the date on which the limitation amount imposed by Section 382 in the event of an ownership change of Visteon would not be materially less than the net operating loss carry forward or net unrealized built-in loss of Visteon (the earliest of such dates being the "Restriction Release Date"), or

any attempted transfer of Visteon's securities pursuant to an agreement entered into prior to the Restriction Release Date, shall be prohibited and void ab initio insofar as it purports to transfer ownership or rights in respect of such stock to the purported transferee:

- if the transferor is a person or group of persons that is identified as a "5-percent shareholder" of Visteon pursuant to Treasury Regulation § 1.382-2T(g) other than a "direct public group" as defined in such regulation (a "Five-Percent Stockholder"), or
- to the extent that, as a result of such transfer, either any person or group of persons shall become a Five-Percent Stockholder or the percentage stock ownership interest in Visteon of any Five-Percent Stockholder shall be increased.

These restrictions could prohibit or delay the accomplishment of an ownership change with respect to Visteon by (i) discouraging any person or group from being a Five-Percent Stockholder and (ii) discouraging any existing Five-Percent Stockholder from acquiring more than a minimal number of additional shares of Visteon's stock.

*Business Opportunities.* In recognition that our investors and their officers, directors, agents, stockholders, members, partners, affiliates and subsidiaries may serve as our directors and/or officers and that our investors may engage in similar activities or lines of business that we do, our second amended and restated certificate of incorporation provides for the allocation of certain business opportunities between us and our investors. Specifically, none of our investors or any officer, director, agent, stockholder, member, partner or affiliate of an investor has any duty to refrain from engaging directly or indirectly in the same or similar business activities or lines of business that we do. In the event that any investor acquires knowledge of a potential transaction or matter which may be a business opportunity for itself and us, we will not have any expectancy in such business opportunity, and the investor will not have any duty to communicate or offer such business opportunity to us and may pursue or acquire such business opportunity for itself or direct such opportunity to another person. In addition, if a director or officer of us who is also an officer, director, agent, stockholder, member, partner or affiliate of any investor acquires knowledge of a potential transaction or matter which may be a business opportunity for us and an investor, we will not have any expectancy in such business opportunity unless such business opportunity is expressly offered to such person solely in his or her capacity as a director or officer of us.

No such person shall be liable to Visteon or any of its subsidiaries for breach of any fiduciary or other duty, as a director or officer or otherwise, by reason of the fact that such person pursues or acquires such business opportunity, directs such business opportunity to another person or fails to present such business opportunity, or information regarding such business opportunity, to Visteon or its subsidiaries.

These provisions of our certificate of incorporation are permitted by Section 122 of the DGCL, and, accordingly, we and all of our stockholders will be subject to them.

*Transactions with Interested Directors or Officers.* In recognition that we may engage in material business transactions with one or more of our directors or officers, an entity in which one or more of our directors or officers are its directors or officers or have a financial interest, our second amended and restated bylaws provide that such a contract or transaction will not be void or voidable solely because a director or officer is interested, or solely because the director or officer is present at or participates in the meeting which authorizes the contract or transaction, or solely because such person's votes are counted for such purpose if:

- the material facts as to such person's or persons' relations or interest as to the contract or transaction are disclosed or are known to the board of directors or the committee, and the board of directors or committee in good faith authorizes the contract or transaction by the affirmative vote of a majority of disinterested directors, even though the number of disinterested directors may be less than a quorum; or
- the material facts as to such person's or person's relationship or interest as to the contract or transaction are disclosed or are known to the stockholders entitled to vote thereon, and the contract or transaction is specifically approved in good faith by vote of the stockholders; or
- the contract or transaction is fair as to us as of the time it is authorized, approved or ratified by the board of directors, a committee thereof or the stockholders.

#### **Transfer Agent and Registrar**

Mellon Investor Services LLC is the transfer agent and registrar for our common stock.

#### **Listing of Our Common Stock**

Currently, our common stock is listed on the NYSE under the trading symbol "VC".

#### **PLAN OF DISTRIBUTION**

We are registering shares of our common stock for possible sale by the selling stockholders. Unless the context otherwise requires, as used in this prospectus, "selling stockholders" includes the selling stockholders named in the table above and donees, pledgees, transferees or other successors-in-interest selling shares received from the selling stockholders as a gift, pledge, partnership distribution or other transfer after the date of this prospectus.

The selling stockholders may offer and sell all or a portion of the shares covered by this prospectus from time to time, in one or more or any combination of the following transactions:

- in the over-the-counter market or on any national securities exchange on which our shares are listed or traded, if any;
- in privately negotiated transactions;
- in underwritten transactions;
- in a block trade in which a broker-dealer will attempt to sell the offered shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- through purchases by a broker-dealer as principal and resale by the broker-dealer for its account pursuant to this prospectus;
- in ordinary brokerage transactions and transactions in which the broker solicits purchasers;

- through the writing of options (including put or call options), whether the options are listed on an options exchange or otherwise;
- through loans or pledges of the securities to a broker-dealer or an affiliate thereof;
- by entering into transactions with third parties who may (or may cause others to) issue securities convertible or exchangeable into, or the return of which is derived in whole or in part from the value of, our common stock;
- a combination of any such methods; or
- any other method permitted pursuant to applicable law.

The selling stockholders may sell the shares at prices then prevailing or related to the then current market price or at negotiated prices. The offering price of the shares from time to time will be determined by the selling stockholders and, at the time of the determination, may be higher or lower than the market price of our common stock on the NYSE or any other exchange or market.

The shares may be sold directly or through broker-dealers acting as principal or agent, or pursuant to a distribution by one or more underwriters on a firm commitment or best-efforts basis. The selling stockholders may also enter into hedging transactions with broker-dealers. In connection with such transactions, broker-dealers of other financial institutions may engage in short sales of our common stock in the course of hedging the positions they assume with the selling stockholders. The selling stockholders may also enter into options or other transactions with broker-dealers or other financial institutions which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). In connection with an underwritten offering, underwriters or agents may receive compensation in the form of discounts, concessions or commissions from the selling stockholders or from purchasers of the offered shares for whom they may act as agents. In addition, underwriters may sell the shares to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents.

The selling stockholders and any underwriters, dealers or agents participating in a distribution of the shares may be deemed to be “underwriters” within the meaning of the Securities Act, and any profit on the sale of the shares by the selling stockholders and any commissions received by broker-dealers may be deemed to be underwriting commissions under the Securities Act.

The selling stockholders may agree to indemnify an underwriter, broker-dealer or agent against certain liabilities related to the selling of the common stock, including liabilities arising under the Securities Act. Under the registration rights agreement, we have agreed to indemnify the selling stockholders against certain liabilities related to the sale of the common stock, including certain liabilities arising under the Securities Act. Under the registration rights agreement, we have also agreed to pay the costs, expenses and fees of registering the shares of common stock; however, the selling stockholders will pay any underwriting discounts or commissions relating to the sale of the shares of common stock in any underwritten offering.

The selling stockholders have advised us that they have not entered into any agreements, understandings or arrangements with any underwriters or broker-dealers regarding the sale of its shares. Upon our notification by the selling stockholders that any material arrangement has been entered into with an underwriter or broker-dealer for the sale of shares through a block trade, special offering, exchange distribution, secondary distribution or a purchase by an underwriter or broker-dealer, we will file a supplement to this prospectus, if required, pursuant to Rule 424(b) under the Securities Act, disclosing certain material information, including:

- the name of the selling stockholders;
- the number of shares being offered;
- the terms of the offering;
- the names of the participating underwriters, broker-dealers or agents;

- any discounts, commissions or other compensation paid to underwriters or broker-dealers and any discounts, commissions or concessions allowed or reallocated or paid by any underwriters to dealers;
- the public offering price; and
- other material terms of the offering.

In addition, upon being notified by the selling stockholders that a donee, pledgee, transferee, other successor-in-interest intends to sell more than 500 shares, we will, to the extent required, promptly file a supplement to this prospectus to name specifically such person as a selling stockholders.

The selling stockholders are subject to the applicable provisions of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the rules and regulations under the Exchange Act, including Regulation M. This regulation may limit the timing of purchases and sales of any of the shares of common stock offered in this prospectus by the selling stockholders. The anti-manipulation rules under the Exchange Act may apply to sales of shares in the market and to the activities of the selling stockholders and its affiliates. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of the shares to engage in market-making activities for the particular securities being distributed for a period of up to five business days before the distribution. The restrictions may affect the marketability of the shares and the ability of any person or entity to engage in market-making activities for the shares.

To the extent required, this prospectus may be amended and/or supplemented from time to time to describe a specific plan of distribution. Instead of selling the shares of common stock under this prospectus, the selling stockholders may sell the shares of common stock in compliance with the provisions of Rule 144 under the Securities Act, if available, or pursuant to other available exemptions from the registration requirements of the Securities Act.

This offering will terminate on the date that all shares offered by this prospectus have been sold by the selling stockholders.

**Item 14. Indemnification of Directors and Officers.**

Visteon is incorporated under the laws of the State of Delaware. Section 145 (“Section 145”) of the Delaware General Corporation Law, as the same exists or may hereafter be amended (the “DGCL”), provides that a Delaware corporation may indemnify any persons who were, are or are threatened to be made, parties to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person is or was an officer, director, employee or agent of such corporation, or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation’s best interests and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his conduct was illegal. Section 145(b) of the DGCL provides that a Delaware corporation may indemnify officers and directors in an action by or in the right of the corporation under the same conditions, except that no indemnification is permitted without judicial approval if the officer or director is adjudged to be liable to the corporation. Where an officer, director, employee or agent is successful on the merits or otherwise in the defense of any action referred to above, the corporation must indemnify him against the expenses which such officer or director has actually and reasonably incurred.

Section 145(g) of the DGCL provides that a corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director or officer of the corporation against any liability asserted against the person in any such capacity, or arising out of the person’s status as such, whether or not the corporation would have the power to indemnify the person against such liability under the provisions of the DGCL.

Article Ninth of Visteon’s second amended and restated certificate of incorporation provides that a director of Visteon shall not be personally liable to Visteon or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under Delaware law. Article Tenth of Visteon’s second amended and restated certificate of incorporation and Article VIII of Visteon’s amended and restated bylaws provide for indemnification of the officers and directors of Visteon to the fullest extent permitted by the DGCL.

The foregoing is only a general summary of certain aspects of Delaware law and the registrant’s organizational documents dealing with indemnification of directors and officers and does not purport to be complete. It is qualified in its entirety by reference to the applicable provisions of the DGCL and of the registrant’s second amended and restated certificate of incorporation and bylaws.

Visteon has obtained directors’ and officers’ liability insurance, which insures against liabilities that its directors or officers may incur in such capacities.

**Item 15. Recent Sales of Unregistered Securities.**

On the Effective Date, all existing shares of old common stock were cancelled pursuant to the Plan of Reorganization.

Pursuant to the Plan of Reorganization, on the Effective Date, Visteon issued (i) 3,520,408 shares of common stock, (ii) 2,355,000 Ten Year Warrants; and (iii) 1,552,774 Five Year Warrants, which, in each case (including shares of common stock issuable upon exercise such warrants), based on the Plan of Reorganization and Confirmation Order entered by the Bankruptcy Court on August 31, 2010, are exempt from registration requirements of the Securities Act, in reliance on Section 1145 of the Bankruptcy Code.

**Item 16. Exhibits and Financial Statement Schedules.**

Reference is made to the Exhibit Index filed as part of this Registration Statement.

**Item 17. Undertakings**

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement.

Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

*Provided, however,* that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser: if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(d) The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b) (1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in Van Buren Township, State of Michigan on March 10, 2011.
