ITEM 2.05 COSTS ASSOCIATED WITH EXIT OR DISPOSAL ACTIVITIES.

On January 29, 2020, Visteon Corporation (the “Company”) began to convey to representatives of affected employees details of a restructuring plan approved by senior management on January 16, 2020 to improve the Company’s efficiency and rationalize its footprint (the “Plan”). Under the Plan, the Company will reduce the number of employees at various sites. The plan is expected to lower the Company’s cost base, improve its financial performance and cash flow generation, and create a simplified organization best positioned to deliver on its key financial and operational priorities.

In connection with the Plan, the Company currently expects to incur total costs of between \$18 million and \$24 million. The total expected costs include employee severance, retention, termination, facilities restoration, and other related costs. The company does not anticipate any capital expenditures nor non-cash expenses. The Company also expects to incur minimal other transition costs. These actions under the Plan are expected to be substantially completed by mid-2021. The actual timing and cost of the Plan may differ materially from the Company’s current expectations and estimates.
