Forward-Looking Information

- This presentation contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. The words "will," "may," "designed to," "outlook," "believes," "should," "anticipates," "plans," "expects," "intends," "estimates," "forecasts" and similar expressions identify certain of these forward-looking statements. Forward-looking statements are not guarantees of future results and conditions but rather are subject to various factors, risks and uncertainties that could cause our actual results to differ materially from those expressed in these forward-looking statements, including, but not limited to:

  - conditions within the automotive industry, including (i) the automotive vehicle production volumes and schedules of our customers, (ii) the financial condition of our customers and the effects of any restructuring or reorganization plans that may be undertaken by our customers, including work stoppages at our customers, and (iii) possible disruptions in the supply of commodities to us or our customers due to financial distress, work stoppages, natural disasters or civil unrest;
  - our ability to execute on our transformational plans and cost-reduction initiatives in the amounts and on the timing contemplated;
  - our ability to satisfy future capital and liquidity requirements; including our ability to access the credit and capital markets at the times and in the amounts needed and on terms acceptable to us; our ability to comply with financial and other covenants in our credit agreements; and the continuation of acceptable supplier payment terms;
  - our ability to satisfy pension and other post-employment benefit obligations;
  - our ability to access funds generated by foreign subsidiaries and joint ventures on a timely and cost effective basis;
  - general economic conditions, including changes in interest rates and fuel prices; the timing and expenses related to internal restructurings, employee reductions, acquisitions or dispositions and the effect of pension and other post-employment benefit obligations;
  - increases in raw material and energy costs and our ability to offset or recover these costs, increases in our warranty, product liability and recall costs or the outcome of legal or regulatory proceedings to which we are or may become a party; and
  - those factors identified in our filings with the SEC (including our Annual Report on Form 10-K for the fiscal year ended December 31, 2018).

- Caution should be taken not to place undue reliance on our forward-looking statements, which represent our view only as of the date of this presentation, and which we assume no obligation to update. The financial results presented herein are unaudited; Information herein represents information included in the Company's Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2019. New business wins, re-wins and backlog do not represent firm orders or firm commitments from customers, but are based on various assumptions, including the timing and duration of product launches, vehicle production levels, customer cancellations, installation rates, customer price reductions and currency exchange rates.
Visteon At A Glance

Leading supplier of cockpit electronics and autonomous driving systems to carmakers across the world

$3B annual sales

10,000 employees

18 countries

20 manufacturing locations

18 technical centers

Leading the evolution of automotive digital cockpits and safety solutions
Industry-Leading Products for a Broad Customer Base

**Product Portfolio**
- Instrument clusters
- Cockpit computers
- Head-up displays
- Displays
- Infotainment
- Connectivity
- ADAS

**Customer Diversity**

Financial Performance Driven by NBWs and Launches

Q3 Key Financial Highlights

Strong Financial Results
- Sales of $731 million
- Adj. EBITDA of $62 million
- Adj. FCF of $23 million

Outperforming the Market
- Visteon sales up 7% Y/Y
- 10 pct. points growth over market
- Strong growth in digital clusters

(1) Visteon organic sales growth of 5% Y/Y (ex. JV consolidation impact).

## Visteon Q3 Growth Drivers

- **Digital Clusters**
  - Digital cluster sales up double digits Y/Y
  - Digital now represents nearly 30% of our cluster sales vs. 18% last year
  - Strong growth in North America and Europe

- **Display Audio**
  - Display audio sales up double digits Y/Y
  - Ramp up of two programs in South America
  - New telematics product in China with Alibaba services

- **Displays**
  - Ramp up of center information displays for a European OEM on multiple vehicle models

---

Visteon sales growth 10 percentage points above market in Q3
Cockpit Electronics and Safety Trends

**Cockpit Trends**
- Embedded Infotainment
  - All-Digital Cluster
  - Apple Car Play
  - Android Auto
  - Cockpit Domain Controller
- AI-Based Solutions
  - Over-the-Air Updates
  - Third-Party Apps
- Multi-Display Module
- Cockpit Domain Controller for Mass Market

**Safety Trends**
- Automated Emergency Braking
- Lane Keep Assist
- Single-Lane
  - Highway Assist
- Highway Co-Pilot
  - with Lane Change
- Driver Monitoring
- WP29 Standard for L2 Hands-off
- UN Regulation for L2 Hands-off
- Child Safety Detection

**2008 - 2018**

**2020**

**2021**

**2022**

- Cockpit evolving into multi-display environment
- Separate ECUs converging into single cockpit computer
- AI and downloadable apps drive value add
- EuroNCAP 5-star safety drives cockpit safety features
- UN regulation for hands-free driving expected in 2022
- Increased interest in safety and UX integration
